

### **REMARKS**

In response to the Action, applicant elects the cleaning head claims of Group II, *without traverse*, and has amended claim 1 to incorporate the limitations of elected claim 22, thus putting claims 1-21 and 23-28 in consonance with the elected cleaning head claims. Non-elected claims 29, 30 and 32 have been canceled without prejudice to the presentation of their subject matter and the subject matter of non-elected Group I in a divisional application. Applicant also amended claims 5 and 7 to correct incorrect antecedent basis. The Examiner's comments about the Bose reference are moot in light of these amendments.

Applicant further elects Species 1 and Subspecies B, *without traverse*. Claim 1 is now generic to the elected species. Claims 1, 14, 19 and 20 at least read on the elected species.

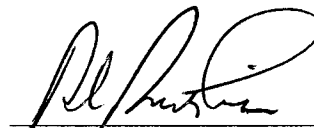

Since claim 1 is allowable, rejoinder of the non-elected species and early action allowing claims 1-21 and 23-28 are solicited.

In the event that the transmittal letter is separated from this document and the Patent and Trademark Office determines that an extension and/or other relief is required, applicant petitions for any required relief including extensions of time and authorizes the Commissioner to charge the cost of such petitions and/or other fees due in connection with the filing of this document to **Deposit Account No. 03-1952** referencing docket no. 424662010600.
